

Name: \_\_\_\_\_

## **Stock Market Worksheet**

**Choose a few different stocks to monitor each week. Please write the company name, price, and number of stock you wish to buy.**

**I started with \$\_\_\_\_\_.**

### **My Portfolio**

| <b>Stock</b> | <b>Stock Symbol</b> | <b>Price per share</b> | <b>Number of Stock</b> | <b>Total Cost</b> |
|--------------|---------------------|------------------------|------------------------|-------------------|
|              |                     |                        |                        |                   |
|              |                     |                        |                        |                   |
|              |                     |                        |                        |                   |
|              |                     |                        |                        |                   |
|              |                     |                        |                        |                   |

**Final Total Cost:** \_\_\_\_\_

**Leftover Cash:** \_\_\_\_\_

**Work:**

**(\$ ) Cash you started with**

**— (\$ ) Final Total Cash**

**\_\_\_\_\_ (\$ ) LEFTOVER CASH**

**(Cash you started with)\$\_\_\_\_\_ -- \$\_\_\_\_\_ (Final total) = \$\_\_\_\_\_ (leftover cash).**

**I started with \$\_\_\_\_\_ and ended with \$\_\_\_\_\_ (leftover cash).  
I have \$\_\_\_\_\_ (Final total cost) in stock.**
