

Case Study

Directions:

Choose a historically significant case regarding fraud, compliance or a regulatory issue and develop a presentation detailing the case.

1. Identify an accounting case which interests you regarding fraud, compliance or a regulatory issue within the industry.
2. Develop a presentation which:
 - Analyzes the case
 - Communicates which laws and regulations apply
 - Explains the evidence of non-compliance or fraud
 - Identifies the impact of the case on the accounting industry
3. The presentation should be at least six slides of content and have a title slide.
4. Include a works cited page or bibliography of the sources you used on an additional slide of the presentation. Be sure to use reputable, reliable sources.
