

Decorate Your Dream Bedroom Budget Project

Imagine you could decorate your bedroom anyway you wanted. It could be a cozy retreat, a funky and modern pad, or an entertainment paradise.

Here are the rules:

1. You have unlimited funds to spend (you won the lottery).
2. You must keep track of these things when selecting items for your room:
 - a. The website you located the product on.
 - b. The description of the product
 - c. The PRICE!!
3. Your room is 10' x 12' (8' ceiling) and you need to keep that in mind when looking at paint or flooring.
4. You can buy anything you want, however, you will have to buy these things for your room **first**:
 - a. **Bedding** (comforters, sheets, pillows)
 - b. **Paint or wallpaper** (remember your room is 10' x 12' and you will need to determine how much of this item you will need)
 - c. **Flooring** (carpet, hardwood, rugs, laminate, etc., remember your room is 10' x 12' and you will need to determine how much of this item you will need)
 - d. At least one large **piece of furniture**. (bed, entertainment cabinet, dresser, etc.)
5. You will create a basic spreadsheet that will keep track of your expenses. The columns will have the following **titles**:
 - a. Item
 - b. Place of Purchase
 - c. Description
 - d. Price
 - e. Quantity
 - f. Total
6. You must purchase a minimum of **twenty unique items**.
7. Description column must have **wrapped text**.
8. A **total cost** for the project must be calculated at the bottom.
9. Beneath the total, include an **average cost** per item (total divided by number of items).
10. Format attractively. Extra credit will be given for inserting a **picture**.

Decorate Your Dream Bedroom Budget Rubric

Name: _____

Criteria	Points	Yes	No
