

CHAPTER 11 Ethics in Accounting**Student Activity Sheet** (textbook p. 302)

Imagine that you are a cashier at a grocery store like Ralphs. In a four-hour shift, you handle thousands of dollars. At the end of your shift, you total receipts and cash to see if they match. One day cash comes up short, and you report the discrepancy to the manager. A few weeks later, cash is over by \$2. You know a couple of cashiers who pocket extra cash. You wonder who would miss \$2.

1. What are the ethical issues?

2. What are the alternatives?

3. Who are the affected parties?

4. How do the alternatives affect the parties?

5. What would you do?
