

Business Location Research Project

Use the business you are planning for this semester to complete this project. You are to research and find a possible location for your business in your local area. The location needs to be appropriate for the type of business that you are planning for. You need to create a spreadsheet showing the requirements and costs for each criteria. After completing your research and spreadsheet, write a summary word processing report that includes the name of the business, description of the location chosen, the business type, business structure, management team, zoning laws for the location, required permits and licenses, laws and regulations that apply to the business, taxes that apply to the business and any government incentives that the business would be qualified to receive. Your paper should be double-spaced, 12 point font and not exceed 1 page. You need to find the following information.

Criteria Required for project:

1. Name of business
2. Business type
3. Business structure
4. Management team
5. Location description
6. Building costs
7. Applicable zoning laws
8. Applicable regulations
9. Applicable laws
10. Necessary licenses and permits
11. Applicable taxes
12. Applicable government incentives
